Design Public Hearing

I-64 Bridge Replacements over Airport Drive (Rt. 156) Henrico County

Tuesday, May 2, 2017, 5- 7 p.m.
Eastern Henrico Recreation Center, Strawberry Hill Ballroom
1440 N. Laburnum Avenue
Henrico, VA 23223

Public Meeting

Welcome to the Virginia Department of Transportation's (VDOT) design public hearing on plans to replace the Interstate 64 eastbound and westbound bridges over Airport Drive (Rt. 156) in Henrico County.

This public hearing is held to provide an opportunity for individuals or organizations to give VDOT comments and/or suggestions on the proposed project. VDOT strives to ensure that all members of the community have the opportunity to participate in public decisions on transportation projects and programs affecting them.

Civil Rights

Representatives from VDOT are present to discuss the project and answer your questions. It is the responsibility of VDOT to ensure that all members of the community are afforded the opportunity to participate in public decisions on transportation systems and projects affecting them. VDOT ensures nondiscrimination in all programs and activities in accordance with Title VI of the Civil Rights Act of 1964.

Project Overview

Interstate 64 over Airport Drive (Rt. 156)

Anticipated Cost – \$30.2 million

Purpose – Replace bridges over Airport Drive (Rt. 156) and increase vertical clearance on Airport Drive

From – 0.492 mile west of Airport Drive (Rt. 156)

To – 0.492 mile east of Airport Drive (Rt. 156)

Total Length – 0.956 miles

Anticipated Start – late 2018

PROJECT DESCRIPTION

The primary purpose of this project is to replace the two structurally deficient I-64 eastbound and westbound bridges over Airport Drive (Rt. 156), increase vertical clearance on Airport Drive (Rt. 156) to 16'-6" and perform all necessary approach work to accommodate this vertical increase.

The existing full cloverleaf interchange will be converted to a partial cloverleaf (see image to the right - Ramps B and D will be removed). Two lanes of through-traffic in each direction along I-64 and Airport Drive (Rt. 156) will be maintained throughout

the construction of the replacement structures. Construction is expected to begin late 2018.

Environmental Review

This project was reviewed and coordinated with appropriate federal, state and local agencies as part of various environmental review processes including the National Environmental Policy Act (NEPA). A Programmatic Categorical Exclusion was prepared for this project in cooperation with the Federal Highway Administration and in accordance with federal guidelines. This document is available for review at tonight's meeting.

Right of Way

The construction of this project will not require the displacement of any families, businesses or non-profit organizations. No utility easements are anticipated. Information about right of way acquisition is discussed in VDOT's brochure entitled, "Right of Way and Utilities: A Guide for Property Owners and Tenants."

Get Involved

Comments can also be submitted in writing to Anthony.Haverly@vdot.virginia.gov. Information must be postmarked, e-mailed or delivered to

VDOT within 10 calendar days of today's meeting (by May 12, 2017) in order to be included in the public information meeting record.
