## U.S. 58 Arterial Preservation Plan Public Information Meeting

### Purpose of Study

**To preserve and enhance the vehicle capacity and safety of the Commonwealth's Arterial Preservation Network, while accommodating economic development and avoiding wide-scale road widenings.**

### **Develop a Corridor Transportation Plan**

- Result in a safer arterial highway system
- Preserve and enhance corridor capacity and efficiency
- Maintain Commonwealth's mobility and economic competitiveness
- Lower long-term infrastructure capital and maintenance costs

### Study Area
